

Chromebook Usage

Connecting to the Internet before signing in

Please check www.sheltonschools.org for updated information.

To connect to your home WiFi connection, follow these steps:

1. Make sure the Chromebook is charged and turn it on.
2. After the Chromebook boots, you will see the following:

3. Select your home WiFi network name.
4. If you have a password for your home network, you will see a screen where you can enter your password. Enter your password and click on the Blue Connect button.
